# BIRD IDENTIFICATION & Drawing Birds

pg. 1

BIRD WATCHING OR BIRDING IS A VERY REWARDING HOBBY. THERE ARE APPROXIMATELY 900 TYPES OF BIRDS IN NORTH AMERICA - 10,000 IN THE WHOLE WORLD. (Species)

ONE WAY TO IDENTIFY BIRDS IS BY THEIR UNIQUE SONGS. ANOTHER WAY IS BY THEIR SILHOUETTE. THESE TWO CHARTS WILL HELP YOU. MANY BIRDERS LIKE TO KEEP TRACK OF THE BIRDS THEY HAVE SEEN AND KEEP LOOKING FOR MORE AND DIFFERENT TYPES.

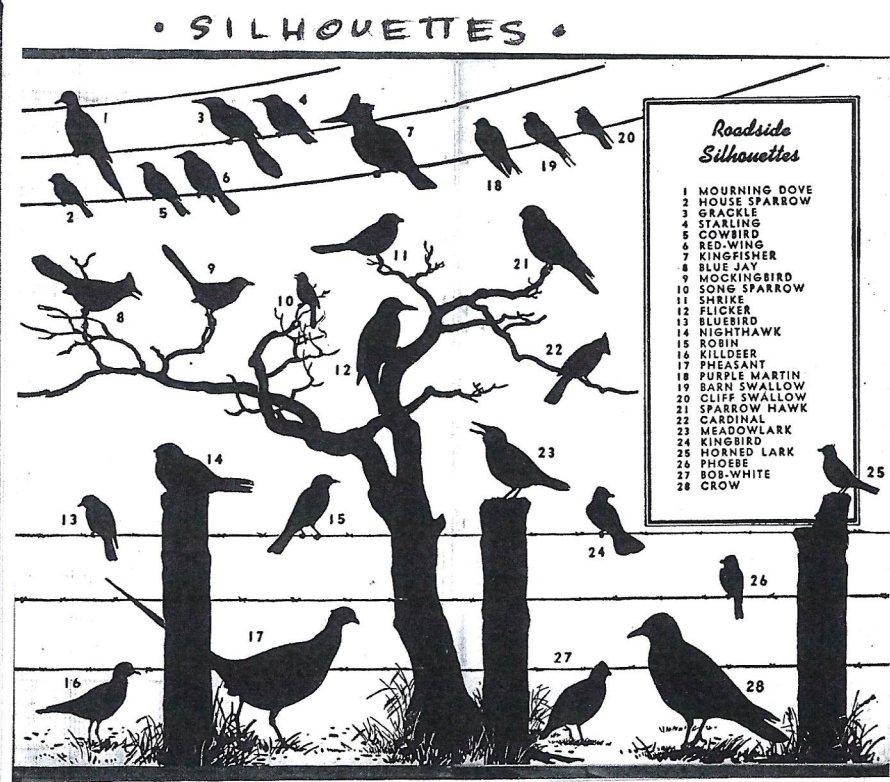

HERE IS A LIST OF COMMON BIRDS OF EASTERN USA. CHECK EACH ONE AS YOU SEE IT. WHY NOT MAKE A LIST OF YOUR OWN?
